

We believe that pets are as individual as their owners, so we carry a variety of high quality foods, treats, and supplements. We carry foods for dogs, cats, horses, chickens and game birds, ferrets, guinea pigs, hamsters, gerbils, mice and rats, snakes, reptiles, and birds (both domestic and wild). We also are happy to order any other foods you may need. You can find more information on the pet and livestock foods we carry at:

We also can easily regularly stock other great foods like Royal Canin. We have a freezer to stock raw diets. If you come in and do not see the food that you prefer, please let us know, either through the ["Contact us" link](#) above or in person at the store. We may easily be able to stock the food for you and we appreciate the opportunity to learn about your preferred food.
